Antique Brass

**NB**  
Natural Brass

Bronze and Brass finishes shown on each page are in stock for that group. All the finishes shown above are available as special order on ANY Cast Bronze or Solid Brass group.

# VERONA BRONZE

Cast Bronze Collection

Original designs are a tribute to the Valle Sabbia region in Northern Italy near Brescia, and these products pay homage to the ancient craft and history of working with Bronze and its alloys. Bronze represents the start of an evolutionary age in human development 5000 years ago, via the skill of metalwork.

Scan for  
Verona Bronze

These collections are the union of art, craft, history, and passion from Italian artisans. Verona Bronze presents a range of handles in traditional bronze-metal finishes by contemporary designers.

**COS 305 NB**
